

## **Believe**

Like the sun warms a cloudy sky  
Hope shines bright for both you and I.  
Though night will surely come  
In the darkness there is One  
Who brings truth and light  
Our Lord, Jesus Christ.

### ***Chorus***

*Oh, believe in Him;  
When He gently whispers "Come".  
Believe His words and follow.  
His life-giving light  
Brings peace where there is none;  
Open up your heart.  
Receive Him and just believe.*

If there's doubt; if you're losing faith  
Trust in the Lord, be not afraid.  
For those who follow Christ  
Shall receive the light of life.  
It is ever pure  
Giving strength to endure.

### ***Repeat Chorus***

Open up your heart.  
Receive Him and just believe.
