

Beyond Christmas

Though it's freezin' cold outside, ya know
My heart is warm and all a' glow
That's because it's almost Christmas.
The snow tickles my nose and whites my hair
And I hear sleigh bells everywhere
Reminding me it is Christmas.

Chorus

*I'm writing one big Christmas list
For everyone I have a wish
That love is shared beyond Christmas
I hope the season's memory
Is all we dreamed that it would be
And smiles are found beyond Christmas
Beyond Christmas.*

Kindness and more love this time of year
Brings holiday joy and Christmas cheer
Can't it last a little longer?
Imagine how the world could really be
If hearts were full of charity
And not because it is Christmas.

Repeat chorus

Bridge

*It all began in Bethlehem
Peace to the world through Him
Let's share His love beyond Christmas
Beyond Christmas.*
