

Come Home

Verse 1

The healing of a nation begins within each home
Where teachings of our Savior there, abide.
For every child yearns for love of family,
Where mother kindly nurtures and a father's strength presides.
Though many changing world-views diminish sacred roles,
We can learn and act upon the Lord's eternal goals.

Chorus

Come home; build a love that always carries.
Come home; build a place that offers peace.
Come home; to the family ties that give us what we need.
It's the family, it's home.
Come home; take your place within your family.
Come home; give your heart and let it lead.
Come home, to the precious souls within your loving reach.
Love your family. Heal your family.
Come home.

The simple plan for families, designed by God himself;
Created as a shelter from the storm,
Provides the blessings that we seek; and there's a Way
Where everyone is gathered in a family safe and warm.
For those in search of safety, for protection, place of rest,
We can show how Jesus Christ is anchor in our quest.

Repeat chorus

As every father, mother, child comes home to sacred truths,
One imperfect family at a time -
The covenants we make with God, in His appointed way,
Give assurance that our families are divine.

Repeat Chorus

Love your family. With your family,
Come Home.
