

Not Far From Home

Not far from here is a strong hand to guide you.
The closeness of angels is right here beside you;
And though it may seem you are so far from home,
A voice sweetly whispers that you're not alone.

Chorus

*Not far from home,
You're not far away
And if you listen you'll hear someone say,*

Not far from here is a kind Heavenly Father,
And only your happiness He's ever longed for.
If your heart is breaking with a load to bear
You can find comfort through simply a prayer.

Repeat chorus

Not far from here is our Brother, dear Savior
And His loving hand is outstretched in your favor
"Come unto me" is His beckon and call;
His peace and His perfect love given to all.

Repeat chorus

You're not far from home.
