

Press Forward In The Truth

We are on a path that leads us Home
To our Father, whom we've always known.
And with all of our strength, even when it's steep,
We must keep on climbing.
We have cov'nants to keep.

Chorus

*We will press forward in the truth
With steadfast faith in Jesus Christ
Hope alive; perfectly bright
With love of God and of all men.*

*We must feast upon the word of Christ,
And to the end endure
For if we do these things, says God,
Eternal life is sure.*

Many things distract us on our way
Calling out to tempt and lead astray
But the spirit will guide when we live His word
If we keep our focus
Our safety's assured.

Chorus

We will press forward in the truth
With steadfast faith in Jesus Christ
Hope alive; perfectly bright
With love of God and of all men.

We must feast upon the word of Christ,
And to the end endure
For if we do these things, says God,
Eternal life is sure.

(Press forward! Press forward!)

For if we do these things, says God,
Eternal life is sure.
