

Road To Bethlehem

Shepherds gather, leading flocks of sheep along
Their hurried footsteps tell me something
Has occurred in Bethlehem.

*Could it be the prophesy of the Messiah
Has come to pass tonight?
For a star shines above so bright
It lights the road to Bethlehem.*

Should I follow? I'm afraid and all alone
Yet I seek peace within my soul;
Could it be found in Bethlehem?

*I will take the steps to journey to the Messiah.
The signs will lead me there.
For the warmth I feel from this light
Brings me down the road to Bethlehem.*

Bridge

The city gates are open
They bid me to come in.
The streets are filled with people;
Do they know where I can find the King?
I keep looking upward, guided by the star
That led me here to Bethlehem.
Please show me where they are.

Humble stable; Mary holds her new born babe--
The Christ child, Jesus;
I have found a miracle in Bethlehem.

*Now I know for certain if I will follow
The path He lights for me,
I will always find my Savior's love
As I did that night in Bethlehem.*
