

I Will Love Him

Anchor of my soul;
Safety in God's harbor.
His commands bring joy and lasting peace.
Limits placed with love,
Shield me from the danger
That the Lord with perfect view can see.
I'll let Him chart my course,
For miracles await.
All He asks is that I trust enough
To follow and obey.

Chorus

*I will love Him.
I'll go and do
As He commands,
For I've promised to be true;
True to His name that I bear
Showing in word and deed I care;
Care to be like Him
In covenant with Him
By keeping commandments,
I will love Him.*

Love the Lord thy God,
Then go love thy neighbor.
All else flows from these two great commands.
Never need I ask
Which command is greater.
I'll gather as a fisher of all men.
With many lost at sea
And tossed upon the waves.
I will leave my net and follow Christ
To rescue and to save.

Repeat chorus

I'll love the Lord, my God,
With heart, might, mind and strength.
The depth of my devotion
I will show Him all my days.

Repeat chorus
