

My Faith Grows

I hold a seed of faith deep in my heart;
Firmly planted in the gospel soil.
I feel it swell each time I follow Jesus
Because His living water makes it grow.

Chorus

*When I follow Jesus Christ, my faith grows.
When I trust His love for me my heart knows
That something beautiful is blooming and filling up my soul,
And one day I will give to Him what He helped me to grow.*

With tender care I'm nurturing my faith;
Making sure it's growing in the light,
And I will give it shelter when the wind blows
So roots of testimony spread inside.

Repeat Chorus
