

Never Give Up On The Quest

Verse 1

There is something I must do
And covenants will see me through it all.
I've promised to the Lord that I will live His word
And make it home to Him. It's a battle I must win.

Chorus

*I'll never give up on the quest.
I'll never falter nor rest
For I know I'm part of His plan.
So I'll climb every mountain with faith
And with each step I take
I will trust that I can.
For I know the Lord is there.
And because He walks beside me
Always there to help and guide me
I will never, no never, give up on the quest.*

Verse 2

There is something I must share
For what I know is different and rare to find.
I've promised to the Lord that I will share His word;
Declare the truth to all. I will heed his urgent call.

Repeat chorus

And if I love the Lord my God and serve my fellowmen,
And strive each day to do my best,
Then I have done the work that I have promised I would do
For this is the purpose of my quest.

Repeat chorus
